PROPERTY DESCRIPTION

2 Glenside Drive presents one of the best values in the Amelia area. Outside, you will find quality maintenance free brick/vinyl construction, storm doors, and complete landscaping around the entire home. The driveway features plenty of room to park and the 2 car garage is designed to combat clutter with innovative storage systems.

This home is even more impressive as you move inside! First, you are welcomed by a soaring story foyer that lets light into both the first and second levels. This space has been professionally painted and has a tumbled stone landing. There is no shortage of cabinet space in the kitchen. You will also find a huge side-by-side refrigerator, a glass top range, and a water filtration system in the sink.

All of the bedrooms, especially the Master, are very generous in size and tasteful in décor. Every bedroom features a walk-in closet. In the master bath, there is a large Jacuzzi whirlpool tub with shower. Every bath in the home has been outfitted with new faucets, lighting, and paint.

The very best part of this home could be the finished lower level. This excellent use of space can provide for a home office, a home theater, and a bar. The custom bar features a built-in beer tap, stainless refrigerator, and a wall mounted flat panel TV. The seller is willing to sell many of these accessories. You really have to see this home for yourself. Call Jason today at 513-766-0647 to schedule a private showing of this remarkable home. There are still many special financing programs available with little or no money down. This home is truly a great Cincinnati Real Estate value.
